

SYNENT TECHNOLOGIES

INTERNSHIP OFFER LETTER

Date: 05 August 2026

Candidate ID: SYN/T2/IP276

Dear **Samreen Farhat**

We are pleased to welcome you to Synent Technologies for the internship position in **Web Development and Designing** as part of our fellowship program.

This internship represents an invaluable learning opportunity and will last for one month. Throughout this period, the emphasis will be on enhancing your skills, deepening your understanding of essential concepts, and applying your knowledge through practical experience.

Your internship will commence with an orientation phase, followed by hands-on exposure to real-world tasks. You are expected to perform all assigned responsibilities to the best of your ability, adhering to the lawful and reasonable guidance provided by your supervisors.

We are confident that this experience will significantly contribute to your professional development and prepare you for future opportunities.

Ashish Diwakar

Manager - HR Department
